

Shiwani Sakshi

Software Engineer, having an ample amount of knowledge and experience in computer science and modern technologies. Looking to pursue a challenging career and to be a part of a progressive organization to enhance my skills and utilize them towards the growth of the organization.

EXPERIENCE

Bank of America, Mumbai — Software Engineer

(July 2021– present)

- Developed feature to support integration of Fax manager system with Docgen.
- Designed universal schema to standardize data exchange in XML.
- Significantly contributed to code, developed features, and fixed bugs in various projects
- Deployed new releases frequently on the servers and tackled unexpected issues during the code deployment.

INTERNSHIP

Nokia, Chennai — Intern

(Aug 2020 –May 2021)

- Use java technology to build a customized application to manage time-series data and summarize that in graphical form.
- Learned spring frameworks and shell scripting.
- Use debugging skills to improve user experience in the git automation tool.
- developed a tool to retrieve old git data using python script.
- Build java based application for version management of the existing project.

Gcreationz, Jaipur — Intern

6 months (May 2018 –Nov 2018)

Worked as an Android Developer Intern and gained a good understanding and experience in developing mobile applications. Worked on multiple projects in a team environment to produce enterprise-quality apps. Worked on both UI and backend such as integrating REST Apis with applications.

EDUCATION

Vellore Institute of Technology, Chennai — M.Tech

Specialization in Artificial Intelligence and Machine Learning
(in collaboration with C-DAC, Pune)

July 2019- Nov 2021

8.64

Banasthali Vidyapith, Niwai — B.Tech

Computer Science

July 2015- May 2019

65.18%

JNV, Sirohi — Class XII (HSC)

Apr 2013 - May 2014

81.2%

JNV, Sirohi — Class X (SSC)

Apr 2011 - May 2012

7.8 CGPA

J N V Pachpadra, Barmer

Rajasthan 344032

7976562768,8764111416
